
		<p>Data sheet eco-string</p> <p>TWI.200.050.N / TWI.300.050 / TWI.400.050</p>	
Characteristics	Composition:	Natural fiber/Cellulose fiber	
	Environment:	100 % compostable, bio-degradable and for biogas plants suitable eco-string, GMO-free, Listed in the resource list for organic farming in Germany and InfoXgen Austria	
	Breaking strength:	200N (20kg) / 300N (30kg) or 400N (40kg) Spools at delivery corresponds to the given load requirements. We reserve the right to change value of information.	
	Elongation:	appr. 20 %	
	Length:	200N : appr. 1430m/kg 300N : appr. 1000m/kg 400N : appr. 710m/kg	
	Diameter:	200N : appr. 1,4 mm 300N : appr. 1,7 mm 400N : appr. 2,0 mm	
	Shape		
Type of spool:			A cross winding with spool and with internal drain
Spool equipment:			With cardboard sleeve. These can be removed by tapping and a slight rotation of the sleeve to the left. So that the unwinding of the yarn is guaranteed from the inside of the coil. The included sleeve is only for transport safety.
Weight per spool:			appr. 5 kg
Cord Length/spool:			200N: appr. 7150 m -> article number: TWI.200.050.N 300N: appr. 5000 m -> article number: TWI.300.050 400N: appr. 3550 m -> article number: TWI.400.050
		Colors:	available in: white (standard), white-red, white-black, white-green

Logistic details	Content/pallet:	7 layers with 11 spools = 77 spools/pallet
	Pallet height:	appr. 220 cm (including pallet 80x120cm)
	Total weight/pallet:	appr. 410kg incl. pallet
General note	This eco-string is a natural product and can if mishandled (as by untwisting) and adverse environmental conditions (as by excessive UV radiation / excessive humidity) in the quality may be affected. This could, inter alia, lead to breaks.
